

The Good Shepherd Home  
*EXCEPTIONAL CARE*

---

## **Statement of Commitment to Cultural Safety**

The mission of Good Shepherd Home is to care in a Christian manner for all who are chronically ill, sick or frail aged. Similarly, we recognise and embrace the diverse characteristics and life experiences of all our residents, staff and community. Cultural diversity is reflected in our system planning, delivery, monitoring and through transparent reporting. The Home is responsive and flexible in adapting to the current and emerging needs and expectations of our residents, their families, carers and representatives, staff, volunteers and management to ensure services are appropriate and inclusive.
